LOCAL EXCHANGE SERVICE

1. Definitions

Certain terms used generally throughout this tariff are defined below.

Advance Payment: Payment of all or part of a charge required before the start of service.

Authorized User: A person, firm, corporation or other entity that either is authorized by the Customer to use local exchange telephone service or is placed in a position by the Customer, either through acts or omissions, to use local exchange telephone service.

Caller ID-Number: 1/ Allows the subscriber to view the phone number of the person calling N before the phone is answered.

Caller ID Name and Number: Allows the subscriber to view the name and phone number of the person calling before the phone is answered.

Call Forward Busy: Automatically routes incoming calls to a designated answering point when the called line is busy.

Call Forward No Answer: Automatically routes incoming calls to a designated answering point when the called line does not answer within a pre-specified number of rings.

Call Forward Variable: Automatically routes incoming calls to a designated answering point, regardless of whether the user's Station is idle or busy.

Call Hold: Allows the User to hold one call for any length of time provided that neither party goes On Hook.

Call Park: Allows a User to "park" a call against their directory number within the business group and "unpark" the call from any other directory number. A business group consists of a series of Customer-defined telephone numbers.

1/Beginning November 5, 2000, this service will no longer be available to new customers.

LOCAL EXCHANGE SERVICE

1. Definitions (Cont'd)

Call Pickup: Allows a User to answer incoming calls to another Station line within a defined call pickup group. Call Pickup is provided as either Group Call Pickup, where predesignated groups can pickup each other's calls by activating an access code or a feature key, or Directed Call Pickup, where any call can be retrieved by dialing a different access code followed by the extension number.

Call Transfer/Consultation/Conference: Provides the capability to transfer or add a third party, using the same line.

Call Waiting: Provides the User with a burst of tone to indicate that another call is waiting. The second call can either be answered by flashing the switchhook or hanging up the phone and being rung back by the caller.

Call Waiting Cancel: Allows a User to cancel the Call Waiting feature on a per call basis by dialing a specific two digit code.

Calling Number Delivery: Identifies the 10-digit number of the calling party.

Calling Number Delivery Blocking: Is an optional feature which allows a customer to block the delivery of their telephone number to the called party's destination display on a selective or complete basis.

Selective Blocking allows a customer to activate and deactivate Calling Number Delivery Blocking on a per-call basis using a feature access code prior to placing an outgoing call. Selective Blocking does not prevent the delivery of telephone numbers to 911 emergency providers.

Complete Blocking allows a customer to request Calling Number Delivery Blocking on the customer's line or trunk which automatically blocks the delivery of the caller's number on all outgoing calls. Complete Blocking does not prevent the delivery of telephone numbers to 911 emergency providers.

Company: MCImetro ACCESS TRANSMISSION SERVICES, LLC., a Delaware Corporation, which is the issuer of this tariff.

Conference/Six-Way: The User can sequentially call up to five other people and add them together to make up a six-way call.

LOCAL EXCHANGE SERVICE

1. Definitions (Cont'd)

Customer: The person, firm, corporation or other entity which orders service and is responsible for the payment of charges and for compliance with the Company's tariff regulations.

Customer Group Dialing Plan: A dialing scheme shared by the members of a Customer group, such as 4 digit internal dialing.

Dial Pulse (DP): The pulse type employed by rotary dial Station sets.

Direct Inward Dialing (DID): A service attribute that routes incoming calls directly to Stations, by-passing a central answering point.

Do Not Disturb: Allows the User to prevent incoming calls from ringing its line by diverting them to a tone or a recorded announcement that informs the caller that the User is not accepting calls at this time.

Dual Tone Multi-Frequency ("DTMF"): The pulse type employed by tone dial Station sets.

Exchange Carrier: Any individual, partnership, association, joint-stock company, trust, governmental entity or corporation engaged in the provision of local exchange telephone service.

Hunting: Uniform Call Distribution – Calls will be distributed evenly among a trunk group or hunt group by number of calls. For example the first call will go to the first member of the group, the second call to the second member, until each member has received a call, at which point the next call goes to the first member.

Sequential – Calls will start with the number of the line or trunk dialed and hunt up to the end of the trunk or hunt group. For a 10 line hunt group, if the fifth line is dialed, the switch will attempt to place the call on the fifth line. If that line is busy it will hunt through lines 6-10 stopping at line 10, and seeking back a busy in no lines were available.

Circular-Calls will start with the number of the line or trunk dialed and hunt up to the end of the trunk or hunt group and then start at the beginning of the trunk group and hunt back to the line that was dialed. For a 10 line hunt group, if the fifth line is dialed, the switch will attempt to place the call on the fifth line. If that line is busy it will hunt through lines 6-10, then hunt lines 1-4, and sending back a busy if no lines were available.

Individual Case Basis: Rates for ICB Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service offered under this tariff. Rates quoted in response to such competitive requests may be different than those specified for such services in this tariff. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis.

LOCAL EXCHANGE SERVICE

1. Definitions (Cont'd)

Interim Local Number Portability (ILNP) (via Remote Call Forwarding (RCF)): Remote Call Forwarding allows a Local Line Customer to retain its existing Local Exchange Carrier telephone number by using this feature to port its telephone number to MCI Local Service. Monthly charges will apply per telephone number. A number of paths can be associated with this number to permit multiple simultaneous calls to be received. A maximum of 99 paths can be associated with a single ported number.

Joint User: A person, firm or corporation designated by the Customer as a user of local exchange service furnished to the Customer by the Company, and to whom a portion of the charges for such facilities are billed under a joint use arrangement.

LATA: A local access and transport area established pursuant to the Modification of Final Judgment entered by the United States District Court for the District of Columbia in Civil Action No. 82-0192 for the provision and administration of communications services.

Least Idle Trunk Selection (LIDL): LIDL trunk selection occurs when a switching unit selects from a Trunk group the Trunk that has been idle for the shortest period of time.

Local Calling: A completed call or telephonic communication between a calling Station and any other Station within the local service area of the calling Station.

Local Exchange Carrier: A company which furnishes exchange telephone service.

Mbps: Megabits, or millions of Bits, per second.

Message Waiting: This feature provides an indication to a Station User that a message is waiting. Indications may be visual (lamp) or audible (stuttered dialtone).

Most Idle Trunk Selection (MIDL): MIDL Trunk selection occurs when a switching unit selects from a Trunk group the Trunk that has been idle for the longest period of time.

Multiple Appearance Directory Numbers: A directory number that is assigned more than once to one or more Proprietary Business Sets.

LOCAL EXCHANGE SERVICE

1. Definitions (Cont'd)

Multi-Frequency ("MF"): An inter-machine pulse-type used for signaling between telephone switches, or between telephone switches and PBX/key systems.

Non-Recurring Charges: The one-time initial charges for services or facilities, including but not limited to charges for construction, installation, or special fees, for which the Customer becomes liable at the time the Service Order is executed.

Off-Hook: The term "off-hook" denotes the active condition of a telephone exchange service line.

On-Hook: The term "on-hook" denotes the idle condition of a telephone exchange service line.

Overflow Routing: Where technical capabilities exist, overflow routing allows the redirection of incoming calls based on customer conditions of either "all trunks busy" or disaster-based service outages. The redirection (Overflow) will route to an alternate number designation determined by the customer. Standard simultaneous call "path" allocations are usually (1) per number. However, a customer may opt to increase their "path" quantities per number based on their ability to process simultaneous call volumes during overflow conditions. A monthly recurring charge will apply based on a "per path/per number" scenario". In addition, toll charges may be assessed if the alternate number designated by the customer is not toll free and is outside of their service address rate center.

Presubscription - 2: An arrangement whereby a Customer may select and designate to the Company an Exchange Carrier it wishes to access, without an access code, for completing intraLATA toll calls. The selected Exchange Carrier is referred to as the End User's Primary Interexchange Carrier (PIC-2).

Recurring Charges: The monthly charges to the Customer for services, facilities and equipment, which continue for the agreed upon duration of the service.

Remote Call Forwarding (RCF): RCF allows all calls dialed to a telephone number equipped for RCF service to be automatically forwarded to another dialable telephone number. This service enables a customer to list a local directory number that is forwarded to a different city or exchange. Each RCF service allows for the forwarding of one call at a given time. The RCF customer is responsible for any applicable usage rates/charges between the RCF number and the terminating number.

Conditions:

RCF service is not offered when the answering location for a forwarded call is a coin/coinless, Semi-public/public telephone service. The Company cannot guarantee the grade of transmission on remotely forwarded calls. Normal grade end-to-end transmission is not guaranteed because transmission characteristics may vary depending on distance and routing required to complete the forwarded portion of the call. RCF service will only be provided when, in the judgement of the Company, the customer subscribes to sufficient RCF facilities at the terminating (answering) location to adequately handle calls without impairing, disrupting or deteriorating any services offered by the Company. In the event that the use of RCF service causes impairment, disruption or deterioration, the Company shall have the right to discontinue the RCF service.

RCF service is required for each directory number being forwarded. A customer can request additional RCF service (call paths) provided the customer has a receiving group of lines equal to the number of RCF services requested, (i.e., directory number is forwarded to a remote group of 5 lines – the customer can have up to 5 RCF services.).

LOCAL EXCHANGE SERVICE

1. Definitions (Cont'd)

Service Commencement Date: The first day following the date on which the Company notifies the Customer that the requested service or facility is available for use, unless extended by the Customer's refusal to accept service which does not conform to standards set forth in the Service Order or this tariff, in which case the Service Commencement Date is the date of the Customer's acceptance of service. The parties may mutually agree on a substitute Service Commencement Date.

Service Order: The written request for local exchange services executed by the Customer and the Company in a format specified by the Company. The signing of a Service Order by the Customer and acceptance thereof by the Company initiates the respective obligations of the parties as set forth therein and pursuant to this tariff, but the duration of the service is calculated from the Service Commencement Date.

Services: The Company's telecommunications services offered on the Company's network.

LOCAL EXCHANGE SERVICE

1. Definitions (Cont'd)

Shared Facilities: A facility or equipment system or subsystem which can be used simultaneously by several Customers.

Speed Call: Provides a User with the option to call selected directory numbers by dialing a one or two-digit code.

Speed Dial-8 and Speed Dial-30: Speed Dial-8: Allows placing calls to eight (8) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Speed Dial-30: Allows placing calls to thirty (30) other phone numbers by dialing a one or two digit code rather than the complete phone number.

Station: Telephone equipment from or to which calls are placed.

Toll Restriction: Used to prevent a Station from dialing certain codes and numbers.

Trunk: A communications path connecting two switching systems in a network, used in the establishment of an end-to-end connection.

User: A Customer or any other person authorized by the Customer to use service provided under this tariff.

LOCAL EXCHANGE SERVICE

2. Regulations2.1 Undertaking of the Company2.1.1 Scope

The Company undertakes to furnish communications service in connection with one-way and/or two-way information transmission between points within the State of Kentucky under the terms of this tariff.

Customers may use services and facilities provided under this tariff to obtain access to services offered by other service providers. The Company is responsible under this tariff only for the services and facilities provided herein, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers.

2.1.2 Shortage of Equipment of Facilities

2.1.2.1 The Company reserves the right to limit or allocate the use of existing facilities, or of additional facilities offered by the Company when necessary because of lack of facilities or due to some other cause beyond the Company's control.

2.1.2.2 The furnishing of service under this tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of the Company's fiber optic cable facilities as well as facilities the Company may obtain from other carriers, from time to time, to furnish service as required at the sole discretion of the Company.

LOCAL EXCHANGE SERVICE

2. Regulations (Cont'd)2.1 Undertaking of the Company (Cont'd)2.1.3 Terms and Conditions

2.1.3.1 Except as otherwise provided herein, service is provided and billed on the basis of a minimum period of at least one month, and shall continue to be provided until canceled by the Customer, in writing, on not less than 30 days notice. Unless otherwise specified herein, for the purpose of computing charges in this tariff, a month is considered to have 30 days. All calculations of dates set forth in this tariff shall be based on calendar days, unless otherwise specified herein.

2.1.3.2 Customers may be required to enter into written Service Orders which shall contain or reference the name of the Customer, a specific description of the service ordered, the rates to be charged, the duration of the services, and the terms and conditions in this tariff.

2.1.3.3 At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party upon 30 days written notice. Any termination shall not relieve Customer of its obligation to pay any charges incurred under the Service Order and this tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the term of the Service Order shall survive such termination.

2. Regulations (Cont'd)2.1 Undertaking of the Company (Cont'd)2.1.3 Terms and Conditions (Cont'd)

2.1.3.4 This tariff shall be interpreted and governed by the laws of the State of Kentucky without regard for the State's choice of laws provisions.

2.1.3.5 Another telephone company must not interfere with the right of any person or entity to obtain service directly from the Company.

2.1.3.6 The Customer has no property right to the telephone number or any other call number designation associated with services furnished by the Company. The Company reserves the right to change such numbers, or the central office designation associated with such numbers, or both, assigned to the Customer, whenever the Company deems it necessary to do so in the conduct of its business.

2.1.3.7 The Customer agrees to operate Company-provided equipment in accordance with instructions of the Company or the Company's agent. Failure to do so will void Company liability for interruption of service and may make the Customer responsible for damage to equipment pursuant to section 2.1.3.8 below.

2.1.3.8 The Customer agrees to return to the Company all Company-provided equipment delivered to Customer within five (5) days of termination of the service in connection with which the equipment was used. Said equipment shall be in the same condition as when delivered to Customer, normal wear and tear only excepted. Customer shall reimburse the Company, upon demand, for any costs incurred by the Company due to Customer's failure to comply with this provision.

2. Regulations (Cont'd)2.1 Undertaking of the Company (Cont'd)2.1.4 Liability of the Company

2.1.4.1 The liability of the Company for damages arising out of the furnishing of its services, including but not limited to mistakes, omissions, interruptions, delays, or errors, other defects, or representations by the Company, or use of these services or damages arising out of the failure to furnish the service whether caused by acts or omission, shall be limited to the extension of allowances for interruption as set forth in Section 2.6, below. The extension of such allowances for interruption shall be the sole remedy of the Customer and the sole liability of the Company. The Company will not be liable for any direct, indirect, incidental, special, consequential, exemplary or punitive damages to Customer as a result of any Company service, equipment or facilities, or the acts or omissions or negligence of the Company's employees or agents.

2.1.4.2 The Company's liability for willful misconduct, if established as a result of judicial or administrative proceedings, is not limited by this tariff. The Company's liability, if any, with regard to delayed installation of Company facilities or commencement of service, shall not exceed \$1,000. With respect to any other claim or suit, by a Customer or by any others, for damages associated with the ordering (including the reservation of any specific number for use with a service), installation (including delays thereof), provision, termination, maintenance, repair, interruption or restoration of any service or facilities offered under this tariff, and subject to the provisions of Section 2.6, the Company's liability, if any, shall be limited as provided herein.

2. Regulations (Cont'd)2.1 Undertaking of the Company (Cont'd)2.1.5 Notification of Service-Affecting Activities

The Company will provide the Customer reasonable notification of service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or facilities additions, removals or rearrangements and routine preventive maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' services. No specific advance notification period is applicable to all service activities. The Company will work cooperatively with the Customer to determine the reasonable notifications requirements. With some emergency or unplanned service-affecting conditions, such as outage resulting from cable damage, notification to the Customer may not be possible.

2.1.6 Provision of Equipment and Facilities

2.1.6.1 The Company shall use reasonable efforts to make available services to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with, the regulations contained in this tariff. The Company does not guarantee availability by any such date and shall not be liable for any delays in commencing service to any Customer.

2.1.6.2 The Company shall use reasonable efforts to maintain facilities that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities installed by the Company, except upon the written consent of the Company.

2. Regulations (Cont'd)2.1 Undertaking of the Company (Cont'd)2.1.7 Non-routine Installation

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours or in hazardous locations. In such cases, charges based on cost of the actual labor, material, or other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, holidays, and/or night hours, additional charges may apply.

2.1.8 Ownership of Facilities

Title to all facilities provided in accordance with this tariff remains in the Company, its agents or contractors.

2.2 Prohibited Uses

2.2.1 The services the Company offers shall not be used for any unlawful purpose or for any use as to which the Customer has not obtained all required governmental approvals, authorizations, licenses, consents and permits.

2.2.2 The Company may require a Customer to immediately shut down its transmission of signals if said transmission is causing interference to others.

2.2.3 Customer may not use service furnished under this local exchange tariff, directly or indirectly, to provide a service that constitutes exchange access and/or is subject to the application of access charges under applicable law. The Company reserves the right to: (1) request that Customer provide written certification that it is using the service in compliance with this requirement; and/or (2) conduct a site survey of Customer premises or an audit of Customer books and records upon reasonable notice or take other reasonable measures to satisfy itself that Customer is using service in compliance with this tariff. In the event Customer is found to be using service in violation of this requirement, the Company may discontinue the provision of service without notice, any other provision of this tariff to the contrary notwithstanding. Customer shall indemnify the Company for any liability, losses, penalties or payments (including without limitation access charges and the Company's attorneys' fees) incurred due to Customer's misuse of the Company's services obtained under this tariff.

No credit will be allowed for any interruptions occurring during such inspections.

2.4.4.2 If the protective requirements for Customer-provided equipment are not being complied with, the Company may take such action as it deems necessary to protect its facilities, equipment, and personnel. The Company will notify the Customer promptly if there is any need for further corrective action. Within ten days of receiving this notice the Customer must take this corrective action and notify the Company of the action taken. If the Customer fails to do this, the Company may take whatever additional action is deemed necessary, including the suspension of service, to protect its facilities, equipment and personnel from harm. The Company will, upon request 24 hours in advance, provide the Customer with a statement of technical parameters that the Customer's equipment must meet.

2.5.2 Billing and Collection of Charges

Bills will be rendered monthly to Customer.

2.5.2.1 All service, installation, monthly Recurring Charges and Non-Recurring Charges are due and payable upon receipt.

2.5.2.2 The Company shall present bills for Recurring Charges monthly to the Customer, in advance of the month which service is provided.

2.5.2.3 For new customers or existing customers whose service is disconnected, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

2.5.2.4 Amounts not paid within 30 days after the date of invoice are considered past due.

2.5.2.4.1 For Residential Service, Small Business customers and Business Services customers, a late payment charge of 1.5% may be assessed on payments not received within 30 days from the invoice date, where capabilities exist. The late payment charge will be applied to the entire unpaid balance of the customer's monthly invoice including taxes. The late payment charge will not be applied to any disputed portion of the unpaid balance unless the dispute is resolved against the customer. The late payment charge of 1.5% is not applicable to subsequent rebilling of any amount to which a late payment charge has already been applied. Late charges are to be applied without discrimination. This charge may be imposed only once on any bill for services rendered. Additional penalty charges shall not be assessed on unpaid penalty charges. (T)

2.5.2.5 A \$10.00 charge will be assessed for checks with insufficient funds or non-existing accounts.

LOCAL EXCHANGE SERVICE2. Regulations (Cont'd)2.5 Payment Arrangements (Cont'd)2.5.3 Disputed Bills

The Customer shall notify the Company of any disputed items on a bill within 30 days of receipt of the bill. If the Customer and the Company are unable to resolve the dispute to their mutual satisfaction, the Customer may file a complaint with the Kentucky Public Service Commission in accordance with the Agency's rules of procedure.

2.5.3.1 The date of the dispute shall be the date the Company receives sufficient documentation to enable it to investigate the dispute.

The date of the resolution is the date the Company completes its investigation and notifies the Customer of the disposition of the dispute.

2.5.4 Advance Payments

To safeguard its interests, the Company may require a Customer to make an Advance Payment before services and facilities are furnished. The Advance Payment will not exceed an amount equal to the Non-Recurring Charge(s) and one month's charges for the service or facility. In addition, where special construction is involved, the Advance Payment may also include an amount equal to the estimated Non-Recurring Charges for the special construction and Recurring Charges (if any) for a period to be set between the Company and the Customer. The Advance Payment will be credited to the Customer's initial bill. An Advance Payment may be required in addition to a deposit.

 - 1. Business: two month's charges for a service or facility which has a minimum payment period of one month;
 - 2. Residential: Two-twelfths (2/12) the amount of Customer's estimated annual bill; or
- (b) the charges that would apply for the minimum payment period for a service or facility which has a minimum payment period of more than one month; except that the deposit may include an additional amount in event that a termination charge is applicable. In addition, the Company shall be entitled to require such an applicant or Customer to pay all its bills within a specified period of time, and to make such payments in cash or the equivalent of cash. At the Company's option, such deposit may be refunded to the Customer's account at any time. Also, the Company reserves the right to cease accepting and processing Service Orders after it has requested a security deposit and prior to the Customer's compliance with this request.

2.5.5.2 A deposit may be required in addition to an advance payment.

2.6 Allowances for Interruptions of Service

- 2.6.1 Credit for Interruptions: When the use of service or facilities furnished by the Company is interrupted due to any cause other than the negligence or willful act of the Customer, or the operation or failure of the facilities or equipment provided by the Customer, a pro rata adjustment of the monthly Recurring Charges subject to interruption will be allowed for the service and facilities rendered useless and inoperative by reason of the interruption whenever said interruption continues for a period of 24 hours or or for a period of 8 hours or more for customers of small business local service from the time the interruption is reported to or known to exist by the Company, except as otherwise specified in the Company's tariffs. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.

(T)
(T)

For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the monthly Recurring Charges specified hereunder for Local Line or Local Trunk Service and is dependent upon the length of the interruption. Only those facilities on the interrupted portion of the circuit will receive a credit. Credit allowances for service outages that exceed 24 hours in duration will be rounded up to the next whole 24 hours.

2. Regulations (Cont'd)2.7 Cancellation of Service (Cont'd)2.7.2 Cancellation of Service by the Customer

If a Customer cancels a Service Order or terminates services before the completion of the term for any reason whatsoever other than a service interruption (as defined in 2.6.1 above), Customer agrees to pay to Company the following sums which shall become due and owing as of the effective date of the cancellation or termination and be payable within the period set forth in 2.5.2, all costs, fees and expenses incurred in connection with:

- 1) all Non-Recurring Charges reasonably expended by Company to establish service to Customer, plus
- 2) any disconnection, early cancellation or termination charges reasonably incurred and paid to third parties by Company on behalf of Customer, plus
- 3) all Recurring Charges specified in the applicable tariff for the balance of the then current term.

2.8 Transfer and Assignments

Neither the Company nor the Customer may assign or transfer its rights or duties in connection with the services and facilities provided by the Company without the written consent of the other party, except that the Company may assign its rights and duties (a) to any subsidiary, parent company or affiliate of the Company; (b) pursuant to any sale or transfer of substantially all the assets of the Company; or (c) pursuant to any financing, merger or reorganization of the Company.

2.10 No Fault Found Dispatch Charge for Business Customers

The Customer is responsible for the payment of a No Fault Found Dispatch Charge when:

when requested by the Customer, maintenance personnel visit the Customer's premises, and as a result of the visit, the proper functioning of the WorldCom service is confirmed (i.e., the cause of the trouble condition was other than a malfunction of a WorldCom service or of WorldCom maintained equipment). This can include, but not be limited to, customer requested dispatches.

Where the root cause of a trouble is proven to be within the scope of the customer's or customer's vendor-owned equipment not maintained by WorldCom.

Where the root cause of a trouble has been proven to be within the scope of the customers or customer's vendor-owned inside wiring.

To provide WorldCom technical assistance to the customer or customer's vendor in performing specific testing to isolate a problem which has been proved off the WorldCom network and is not within any WorldCom contract supported area.

To provide WorldCom technical assistance to the customer or customer's vendor in isolating or repairing a fault or installation support for areas not within WorldCom contract supported equipment, network or services.

In which the root cause of a trouble has been proven to be off the WorldCom network and is not within any WorldCom contract supported area and proves to be within the scope of the customer's or customer's vendor-owned network.

The charges are non-recurring, and are charged per visit as follows:
(The customer will be notified of these charges before they are incurred.)

Normal Working Hours : \$265 per visit
Outside of Normal Working Hours : \$400 per visit

Normal Working Hours are defined as Monday to Friday, 7am to 7pm in the time zone of the customer's location of the dispatch. If a visit begins and/or ends outside this period, it is considered Outside of Normal Working Hours.

Any dispatch that begins or ends from 12:01 am to 12:00 am the following day the time zone of the Customer's Premises on these holiday's will also be considered "Outside of Normal Working Hours" :

Regulations (Cont'd)2.11 Telecommunications Service Priority (TSP)

(N)

The Telecommunications Service Priority (TSP) program is a federally-established program under which the Office of Priority Telecommunications in the Executive Office of the President prioritizes the restoration and provisioning of telecommunications services -- including services to private companies and institutions -- that support national security or emergency preparedness (NS/EP). The FCC defines telecommunications services under the TSP program to include the sending and receiving of signals or most any kind, by virtually any means. NS/EP services are those used to maintain a state of readiness or to respond to and manage any event or crisis (local, national, or international) that causes or could cause injury or harm to the population, damage to or loss of property, or that degrades or threatens the NS/EP posture of the United States. For telecommunications services enrolled in the program, the Company will provision and restore TSP-coded circuits, and provide TSP Special Construction services, under the terms set forth in this TSP service product description, and as required by the FCC's TSP regulations (currently at 47 CFR Part 64, Subpart D, Appendix A), and other applicable law. TSP services are in two categories: Priority Provisioning (including Emergency Provisioning and Essential Provisioning) and Priority Restoration.

Customers are subjected to the features, rate and charges as described in the Company's "Service Publication and Price Guide" (The Guide), located on the Company's website at www.mci.com

LOCAL EXCHANGE SERVICE3. Service Descriptions (Cont'd)3.1 Local Exchange Service (Cont'd)3.1.6 Local Service Term Plan 1/ 2/

Customers who subscribe to facilities based Local Exchange Service and enroll in a Local Service Term Plan are eligible to receive the discounts described below on specific monthly recurring and usage charges based on the customer's term commitment. The customer must commit to service for a term of either one, two, three, four or five years. The term of the Local Service Term Plan will commence no earlier than the first of the next billing month in which the customer subscribes to the plan. The customer will receive the following discounts in lieu of all other discounts or promotions except for the Local Customer Assurance Promotion on the following recurring charges: Local Line, Local Trunk-Basic, Local Trunk-DID, Local Trunk - 2 Way Direct, ISDN Primary Rate Interface Local (ISDN PRI), 2 Way DID/DID number charges, and usage charges.

<u>Term Commitment</u>	<u>Discount</u>
1 year	10%
2 years	15%
3 years	20%
4 years	20%
5 years	20%

A plan will automatically renew for an equivalent term unless the customer provides written notification to cancel the MCI Local Service Term Plan. This notice must be received by MCI no more than 30 days prior to the expiration of the term plan. A customer can terminate a term plan without liability if the customer enrolls in a new term plan with an expiration date later than the current term plans expiration date.

Cancellation or Discontinuance with Liability: Discontinuance of all Local Services furnished under the Local Service Term Plan prior to the expiration of the Committed term constitutes discontinuance of the plan.

1/ The terms and conditions of this program will only be available for those customers subscribing to a Special Customer Arrangement offered by MCI Telecommunications Corporation.

2/ Beginning December 8, 1998 this plan will no longer be available to new subscribers.

and the customer will be billed and required to pay an early termination charge. The early termination charge will be equal to the customer's highest billed monthly charges incurred during the length of the term commitment multiplied by the number of months remaining in the customer's term plan.

For customers that have enrolled in a networkMCI One long distance term plan or Special Customer Arrangement offered by MCI Telecommunications Corporation, the customer's term length may be coterminous with the networkMCI One or Special Customer Arrangement term of service. Accordingly, the customer's actual term may be of a shorter duration than the term commitment selected above. If the customer selects a term commitment greater than the term of service of the networkMCI One or Special Customer Arrangement, the cotermination provision shall not apply.

For those customers who subscribe to a networkMCI One term plan or Special Customer Arrangement, the early termination charges associated with that term plan or Special Customer Arrangement will apply in lieu of the charges specified above. In addition, customers will be required to repay any credits received as a result of enrolling in the term plan.

Customers signing a networkMCI One term agreement and integrating their facilities based Local Exchange service can terminate their local term plans at any time without penalty.

Term Commitment and Renewal Options: A customer must commit to service for a term of either one, two, three, four, or five years. The term of service will commence no earlier than the first day of the next billing month in which the customer subscribes to the plan. A plan will automatically renew for an equivalent term and volume commitment upon expiration of its term unless the customer provides written notification to cancel the Local On-Net Term Plan, which must be received by the Company no more than 30 days after expiration of the existing term. If the customer cancels the existing term plan within 30 days after expiration of the existing term, the customer will receive the discounts for which the customer qualifies during the 30-day period following the expiration of the existing term of service.

Volume commitment: A customer may elect a Local On-Net Term Plan monthly volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$100; \$250; \$500; \$1,000; \$2,000; \$3,000; \$4,000; \$5,000; \$7,000, or an annual volume commitment of one of the following amounts, calculated after the application of promotional and other discounts: \$1,200; \$3,000; \$6,000; \$12,000; \$24,000; \$36,000; \$48,000; \$60,000; \$84,000; \$120,000; \$180,000; \$300,000; \$600,000; \$900,000; \$1.2 million; \$1.8 million; and \$2.4 million. The customer's volume commitment will be based upon the customer's Qualifying Volume. At any time during the term of service, a customer may elect a higher equivalent annualized volume commitment. If a customer so elects, the term of service expiration date will not change. The new volume commitment will apply beginning in the following month for monthly commitments and as of the beginning of the commitment year in which the new volume commitment is elected for annual commitments. The discounts associated with the new commitment volume level apply to charges and usage only from the new election date forward.

Underutilization Charges: If at the end of any year of the term of service, a customer fails to satisfy its annual volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that year and the annual volume commitment. If at the end of any month of the term of service, a customer fails to satisfy its monthly volume commitment, the customer must pay the difference between the customer's actual Qualifying Volume in that month and the monthly volume commitment.

Early Termination Charges:

Cancellation of Discontinuance without Liability: If: (i) the customer's use of Local Exchange Service under a Local On-Net Term Plan equals or exceeds the Customer's equivalent annualized minimum volume commitment or monthly volume commitment and (ii) at the time of termination the customer is enrolled in a new Local On-Net Term Plan with a volume commitment which equals or exceeds the Customer's existing volume commitment, the customer may terminate service under Term Plan without liability as follows: (i) the customer may terminate service at any time during the last three months of the term of service if the customer's Local On-Net Term Plan's term commitment is one year; or (ii) the customer may terminate service at any time during the last six months of the term of service if the customer's new Local On-Net Term Plan's term commitment is equal to or greater than two years.

Cancellation or Discontinuance with Liability: Discontinuance of all services furnished under the Local On-Net Term Plan prior to the expiration of the committed term of service constitutes discontinuance of the plan and the customer will be billed and required to pay an early termination charge equal to the Underutilization Charge for the year of termination plus 50% of all of each annual or monthly volume commitment for each year remaining in the unfulfilled term of service.

LOCAL EXCHANGE SERVICE3. Service Descriptions (Cont'd)3.1 Local Exchange Service (Cont'd)

3.1.11 Local ISDN Primary Rate Interface (Local ISDN-PRI): Local ISDN-PRI is an alternative arrangement for individual local exchange services such as Local Trunk Basic and Local Trunk DID. Local ISDN-PRI is provisioned at the 1.544 Mbps rate via the Primary Rate Interface standard of the Integrated Services Digital Network (ISDN). Local ISDN-PRI provides the Customer with the capabilities of simultaneous access, transmission and switching of voice, data and imaging services via channelized transport.

3.1.11.1 Local ISDN-PRI Service Arrangement - One or more Service Configurations can be combined to create an Local ISDN-PRI Service Arrangement. Customers may have multiple Local ISDN-PRI Service Arrangements per location, however for each Service Arrangement one Service Configuration 1 must be included. The controlling D channel will always reside on Service Configuration 1.

The ISDN Digital Facility is ordered separately and not included as part of the Service Configuration.

3.1.11.1.1 Service Configuration 1 - The first Service Configuration for any PRI Local Service Arrangement must be a Service Configuration 1. Service Configuration 1 provides twenty-three (23) 64 Kbps B channels and one (1) primary 64 Kbps D signaling channel. The primary D channel is an-out-of band signaling channel used to control and route all of the B channel traffic within the PRI Local Service Arrangement.

3.1.11.1.2 Service Configuration 2 - This configuration is only available in conjunction with Service Configuration 1. It provides an additional twenty-four (24) 64 Kbps B channels which are controlled by the D channel on Service Configuration 1. Multiple Service Configuration 2s may be associated with a Service Configuration 1 subject to switching equipment limitations.

The bearer (or B) channels are used for information transfer between users. B channels provide the same features as Local Trunk Basic and Local Trunk DID. To receive the DID capability, customers must order separately DID telephone numbers, as found in Section 3.1.3.2 preceding.

The D channel is a 64 Kbps channel that carries signaling and control for the B channels. The capabilities of the D channel are contained within the customers Service Configuration.

Optional Features: In addition to providing Local Exchange Services specified above, Local ISDN-PRI can be configured to support the following optional advanced ISDN features:

Call-by-Call Service Selection: Allows B channels to be shared between multiple services carried over a single Local ISDN-PRI Serving Arrangement.

Calling Number Delivery: Allows the customer to receive the originating caller's working telephone number provided this information is forwarded to the Company by the caller's Local Exchange and/or Long Distance Carrier.

LOCAL EXCHANGE SERVICE

3. Service Descriptions (Cont'd)3.3 Directory Listings

The Company shall provide for a single directory listing, termed the primary listing, in the telephone directory published by the dominant exchange service provider in the Customer's exchange area of the Station number which is designated as the Customer's main billing number. Directory listings of additional Company Station numbers, other than the Customer's main billing number, associated with a Customer's service will be provided for a monthly recurring charge per listing.

3.3.1 The Company reserves the right to limit the length of any listing in the directory by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. Where more than one line is required to properly list the Customer, no additional charge is made.

3.3.2 The Company may refuse a listing which is known not to constitute a legally authorized or adopted name, obscenities in the name, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

3.3.3 Each listing must be designated Government or Business to be placed in the appropriate section of the directory. In order to aid the user of the directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business Section and only residential listings in the Residential section. The Company, upon notification to the Customer, will withdraw any listing which is found to be in violation of its rules with respect thereto.

3. Service Descriptions (Cont'd)3.3 Directory Listings (Cont'd)

3.3.4 In order for listings to appear in an upcoming directory, the Customer must furnish the listing to the Company in time to meet the directory publishing schedule.

3.3.5 Directory listings are provided in connection with each Customer service as specified herein.

3.3.5.1 Primary Listing: A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer. This listing is provided at no additional charge.

3.3.5.2 Additional Listings: In connection with business service, additional listings are available only in the names of Authorized Users of the Customer's service, as defined herein. Rates for additional listings are specified in Section 3.3.5.9 and 3.3.5.10.

3.3.5.3 Nonpublished Listings: Listings that are not printed in directories nor available from Directory Assistance.

A Nonpublished Telephone Service will be furnished, at the Customer's request providing for the omission or deletion of the Customer's telephone listing from the telephone directory and, in addition, the Customer's telephone listing will be omitted or deleted from the directory assistance records, subject to the provisions set forth in Section 2.1.4. Rates for Nonpublished Listings are specified in Section 3.3.5.9 and 3.3.5.10

3. Service Descriptions (Cont'd)3.3 Directory Listings (Cont'd)

- 3.3.5.4 Nonlisted Numbers: A Nonlisted number will be furnished at the Customer's request, providing for the omission or deletion of the Customer's listing from the telephone directory. Such listings will be carried in the Company's directory assistance and other records and will be given to any calling party. Rates for Nonlisted Listings are specified in Section 3.3.5.9 and 3.3.5.10.
- 3.3.5.5 Foreign Listings: Where available, a listing in a phone directory which is not in the Customer's immediate calling area. The Customer will be charged the rates specified in the tariff published by the specific exchange carrier providing the Foreign Listing.
- 3.3.5.6 Alternate Call Listings: Where available, a listing which references a telephone number which is not the primary listing for the Customer. The Customer must provide written verification that the alternate telephone number is authorized to accept calls. Rates for alternate call listings are specified in Section 3.3.5.10.
- 3.3.5.7 Information Listings: Where available, additional lines of information which may be included with a primary, additional or reference listings. Rates for information listings are specified in Section 3.3.5.9 and 3.3.5.10.
- 3.3.5.8 Secretarial Listings: The secretarial answering service may subscribe for secretarial listings on its administrative service or on its direct inward dialing service for its patrons who do not have a requirement for local exchange service.
- a. Secretarial listings must have the same address as the secretarial answering service.
 - b. The secretarial answering service subscribing to secretarial listings for its patrons must not provide telephone facilities, other than public telephones service, for the use of its patrons nor may the patrons be permitted to use the secretarial answering service's administrative telephone service.

3. Service Descriptions (Cont'd)

3.4 Directory Assistance (Cont'd)

- The Customer experiences poor transmission or is cut-off during the call; or
- The Customer is given an incorrect telephone number.

To obtain such a credit, the Customer must notify its Customer Service representative.

3.5 Emergency Services (Enhanced 911) : Allows Customers to reach appropriate emergency services including police, fire and medical services. Enhanced 911 has the ability to selectively route an emergency call to the primary E911 provider so that it reaches the correct emergency service located closest to the caller. In addition, the Customer's address and telephone information will be provided to the primary E911 provider for display at the Public Service Answering Point (PSAP).

3.6 Presubscription: PIC-2 allows Customers to presubscribe to their carrier of choice for intraLATA toll calls, without dialing the Access Code. The following charge applies each time the Customer requests a change to their intraLATA PIC. This charge applies per line or per trunk for each Local Line or local Trunk PIC change requested, subsequent to the initial designation:

PIC-2 Change (per line or per trunk): \$5.00 (for the first line)
\$1.50 (each additional line)

3.7 Telephone Numbers: At the request of the Customer, the Company may assign a telephone number with the last four digits selected by the Customer. LOCAL EXCHANGE SERVICE

5. Individual Case Basis (ICB) Arrangements

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer to develop a competitive bid for a service not generally offered under this tariff. ICB rates will be offered to the Customer in writing and on a non-discriminatory basis.

6. Special Construction6.1 MCI Special Construction Charges

When a customer service request meets any one or more of the conditions set forth below, MCImetro may perform or have performed Special Construction to meet the customers' needs. In such instance, recurring and non-recurring Special Construction charges will be determined on an individual case basis, and the customer must agree to pay such charges prior to service installation and provision.

Special Construction is required when:

- 1) The Company does not have existing facilities in place to satisfy the customer's request;
- 2) The Company has no other planned use for the facilities requested;
- 3) The customer requests that service be furnished using a particular type of facility or via a route other than that which the Company would normally use; and/or
- 4) The customer requests the construction of more facilities than would normally be required to satisfy its request.

6.2 Pass Through Special Construction Charges

When Special Construction charges are imposed on MCImetro by a third party in order to meet a customer's request, MCImetro will pass the charges through to the customer. Charges passed through to the customer will include, but not be limited to, the charges imposed by the incumbent Local Exchange Carriers, Competitive Exchange Carriers, other Contractors and Local, State, or Federal Government.

LOCAL EXCHANGE SERVICE

7. Miscellaneous Services7.1 Call Trace

Call Trace allows a called party to initiate an automatic trace of the last call received and is available for Local Line customers. After receiving an offending call, the customer must hang up and dial the feature code *57 (1157 for rotary phones) prior to receiving another inbound call. After dialing the feature code, the customer receives a recording that indicates that the trace was successful, and that the originating number has been captured and forwarded to the Company. The recording will also provide the customer a toll free number to the Company's Annoyance Call Bureau (ACB) Center for the customer to call for further action or to speak to an ACB representative.

An ACB representative advises the customer that the telephone numbers of calls identified as harassing shall be released only to authorized investigative or law enforcement officers. This information will not be given directly to the customer. Customers will be instructed to file a complaint with the appropriate law enforcement officials. Information on originating telephone number identified as harassing are released verbally to law enforcement with proof of identification. A subpoena is required before written records may be released to law enforcement. The Company is not liable for damages if, for any reason, the call trace attempt is not successful. The practices of law enforcement officials vary, and the Company does not represent that any action taken by such officials with regard to the traced number.

LOCAL EXCHANGE SERVICE7. Miscellaneous Services7.2 Selective Call Screening

Selective Call Screening (SCS) is a call processing arrangement designed to restrict certain types of billing options from a line or trunk originating a call. The service is offered to provide customers with a choice of originating call screening options when an operator services system is involved with the call processing. The Selective Call Screening service provides information to the operator services platform (mechanized or live operator) to denote special originating call handling was requested. The following billing options are available: collect billing, bill to a third party number, or bill to a calling card.

The Company assumes no liability for calls completed by any other entity, carrier, or operator services platform as long as the Selective Call Screening code accompanies the call sent to another entity, carrier or operator services platform.

SCS Customers are responsible for all toll charges billed to their line(s) for calls that are not carried solely over the MCI network and facilities.

SCS is offered subject to switch availability on MCI Local Business facilities (lines and trunks).

Rates and Charges:

The following rates and charges apply to Selective Call Screening Service and are in addition to all other charges as specified elsewhere in the tariff:

	Establishing Service <u>Non-Recurring</u>	Monthly <u>Recurring</u>
Selective Call Screening, per line or per trunk	\$ 5.85	\$7.00

LOCAL EXCHANGE SERVICE8. Residential Services

Application of Residence Service: Residential service is defined as service that is furnished (1) in private homes or apartments, including all parts of the subscriber's domestic establishment, for domestic use and not for substantial occupational use; (2) in college fraternity or sorority houses, college dormitories, convents and monasteries for domestic rather than occupational use in residential quarters; (3) used for purposes of study by a clergyman located in a church, synagogue, mosque or other religious institution. The Company reserves the right to disconnect customer's residential service or to convert any plan associated with such service to a business plan upon appropriate customer notification if it is determined that usage is not consistent with normal residential applications. This service is for voice use only by residential customers. The company reserves the right to adjust a customer's service upon appropriate customer notification. If it is determined that usage is not consistent with residential voice applications, customers service may be assessed a \$50 monthly recurring data/internet usage charge or disconnected.

Rates and Charges: Usage charges are based on local usage. Chargeable time for the customer shall begin when the called party answers and shall end upon disconnection by either party. Local calls are billed on a per minute basis unless otherwise indicated. Calls are rounded to the next higher full minute. If the computed charge includes a fraction of a cent, the fraction is rounded to the nearest whole cent.

All residential service set forth in this Section of this tariff is presently only available to those customers who presently have service on lines with BellSouth or with MCImetro or another carrier who provisions service either via resale of BellSouth services or via UNE-Platform service provided by BellSouth.

Line Connection Fee: Applies on a per line basis when a customer requests a new line of service or when a customer moves to a new location.

Service Order Charge: Applies to changes made to an account after the point of sale.

LOCAL EXCHANGE SERVICE

8. Residential Services (Cont.)8.1 Residential RZA Service^{1/}

Customers who subscribe to this voice service must 1) select and designate MCImetro as its Local Exchange Carrier (LEC) and MCI WorldCom Communications, Inc. as both its Interexchange Carrier (IXC) for interstate and intrastate calling and as its intraLATA toll provider for intraLATA toll calling and 2) concurrent with enrollment in this plan, customers must also enroll in the companion residential service offered in <http://www.mci.com/service> and must subscribe to this service as offered in MCI WorldCom Communications, Inc. KPSC Tariff No. 1 and MCImetro KPSC Tariff No. 2. Customers who subscribe to this service may not subscribe to Residential RZB service as described in this tariff on another line on their account.

A monthly recurring charge will apply to this service. This charge is identical to and shall not be in addition to any monthly recurring charge applicable to companion Federal Service or to companion State Service.

Touch tone calling is included in the monthly fee. The following are not included in the monthly recurring charge: non-recurring charges, operator assistance, directory assistance, directory listing options, interstate line charge, data/internet usage charge, blocking options, taxes, surcharges, per use charges and custom calling features not included in the list below. MCI WorldCom customers will be charged the intraLATA and long distance rates as specified in the companion residential long distance service as set forth in <http://www.mci.com/service> and MCI WorldCom Communications, Inc. KPSC Tariff No. 1.

Customer will receive unlimited local usage. Customers may elect to receive any or all of the following features, where facilities are available: Call Waiting, Caller ID, 3-Way Calling, Speed Dial 8. The monthly recurring charge will not change regardless of the number of features selected. Customers may reselect at a later date any of the above features at no additional charge. Customers will receive Block 900 & 976 with this service at no additional charge.

The Company reserves the right to discontinue offering the service and grandfather existing customers in the event that 1) facilities are not available to the Company to adequately provide the service, and 2) such lack of facilities is the result of the failure of any carrier (from whom the Company is securing facilities to provide the service) to provide adequate service to the Company.

^{1/}Effective July 21, 2005 this service is no longer available to new subscribers.

LOCAL EXCHANGE SERVICE

8. Residential Services

8.5.2 Residential RLD Service (Cont.)

8.5.2.2 Residential RLD-2 Service

Customers who subscribe to this voice service will receive one home phone line that includes touch-tone service. Customers must contact a Company representative to enroll in this service; this service is only available to customers previously enrolled in Residential RZB service under this tariff who disconnect their long distance and intraLATA service under <http://www.mci.com/service> and MCI WorldCom Communications, Inc. KPSC Tariff No. 1. Unlimited local calling is included with this service. Customers will receive the following features, where facilities are available: Call Waiting, Caller ID w/Name & Number, Call Waiting ID w/Name, Speed Dial 8, Three-Way Calling and Anonymous Call Rejection.

The following are not included in the monthly line charge: non-recurring charges, operator assistance, directory assistance, directory listing options, Interstate line charge, data/internet surcharge, blocking options, taxes, surcharges, custom calling features not included in features. Usage from any other residential service offerings cannot be aggregated with this service. Customers will receive Block 900 & 976 with this service at no additional charge.

IntraLATA calls are not included in the monthly Residential RLD-2 charge. Customers who have selected MCI WorldCom as their primary intraLATA exchange carrier will be charged the intraLATA rates as specified in MCI WorldCom Communications, Inc. KPSC Tariff No. 1.

The Company reserves the right to discontinue offering the service and grandfather existing customers on one day's notice to the Commission, in the event that 1) facilities are not available to the Company to adequately provide the service, and 2) such lack of facilities is the result of the failure of any carrier (from whom the Company is securing facilities to provide the service) to provide adequate service to the Company.

This service is for use by residential customers. The Company reserves the right to adjust a customer's service upon appropriate customer notification. If it is determined that non-voice usage applications (including, but not limited to, dial-up internet service or facsimile service) exceed reasonable limits, the Company may use its discretion either to disconnect the customer's residential service upon appropriate customer notification or to charge a \$50 monthly recurring data/internet usage charge in addition to all charges set forth in customer's residential service.

Monthly Recurring Charges:
Zone 1, Zone 2 and Zone 3^{1/} :

^{1/} Effective April 1, 2006, this zones is no longer available to new customers.

LOCAL EXCHANGE SERVICE

10. Residential Services8.5.9 Residential RLD-4 Service

Customers who subscribe to this voice service will receive one home phone line that includes touch-tone service.

Customer will receive unlimited local exchange service. Customers receive the following features, where facilities are available: Call Waiting, 3-Way Calling, Anonymous Call Rejection. Customers will receive Block 900 & 976 with this service at no additional charge. Customers of Lifeline service are not eligible to receive this product.

The following are not included in the monthly line charge: non-recurring charges, operator assistance, directory assistance, directory listing options, Interstate line charge, data/internet surcharge, blocking options, taxes, surcharges, custom calling features not included in features. Usage from any other residential service offerings cannot be aggregated with this service. Customers will receive Block 900 & 976 with this service at no additional charge.

IntraLATA calls are not included in the monthly Residential RLD-4 charge. Customers who have selected MCI WorldCom as their primary intraLATA exchange carrier will be charged the intraLATA rates as specified in MCI WorldCom Communications, Inc. KPSC Tariff No. 1.

The Company reserves the right to discontinue offering the service and grandfather existing customers on one day's notice to the Commission, in the event that 1) facilities are not available to the Company to adequately provide the service, and 2) such lack of facilities is the result of the failure of any carrier (from whom the Company is securing facilities to provide the service) to provide adequate service to the Company.

This service is for use by residential customers. The Company reserves the right to adjust a customer's service upon appropriate customer notification. If it is determined that usage is not consistent with residential voice applications, customers service may be assessed a \$50 monthly recurring data/internet usage charge or disconnected.

8. Residential Services8.11 Features and Options

The following features are provided where facilities are available:

Anonymous Call Rejection (ACR) Rejects incoming calls that have been marked anonymous, or blocked.

Call Forwarding: Automatically routes all incoming local or long distance calls to any number customer specifies (maximum 24 digits). The customer will hear a short ring on the forwarded line each time a call is forwarded as a reminder that this feature is activated. Call Forwarding may ring once before the call is forwarded but the call cannot be answered. The user has control of the activation and deactivation process, but only from the base station where the feature is provisioned. Applied on a per line basis. Cannot be selected with Remote Access Call Forwarding

Call Forwarding Busy: Automatically forwards calls to a pre-selected telephone number on a different premise when the called telephone number is busy. Applied on a per line basis. Cannot be selected with Voicemail.

Call Forwarding Busy with Customer Control: Includes the Call Forwarding Busy feature and in addition provides the capability to Activate or Deactivate Call Forwarding Busy from the base station using dial codes. Applied on a per line basis. Cannot be selected with Call Forwarding Busy, Multi-ring 2, Multi-Ring 3, or Voicemail.

Call Forwarding No Answer: Automatically forwards unanswered incoming calls to an alternate after a pre-selected number of rings (customer may select between 2 and 7 rings). Cannot be selected with Voicemail. The customer must specify the number to which calls are forwarded and the approximate number of ringing cycles at the time the feature is ordered. Applied on a per line basis.

8. Residential Services8.11 Features and Options

Call Forwarding No Answer with Customer Control: Includes the Call Forwarding No Answer feature and provides the capability to activate or deactivate Call Forwarding No Answer from the base station using dial codes. Applied on a per line basis. Cannot be selected with Call Forwarding No Answer, Call Forwarding No Answer w/ Ring Control, Multi-ring 2, Multi-ring 3, or Voicemail. The customer must specify the number to which calls are forwarded and the approximate number of ringing cycles at the time the feature is ordered.

Call Forwarding No Answer with Ring Control: Allows subscribers real-time control over the number of seconds, or ring cycles that occur prior to forwarding an unanswered call to voice mail or another telephone number.

Applied on a per line basis. Cannot be selected with Call Forwarding No Answer, Call Forwarding No Answer w/ Customer Control, or Voicemail. The customer must specify the number to which calls are forwarded.

Call Return: Enables the customer to dial back the number of the last incoming call whether the call was answered or not. Applied on a per line basis. Cannot be selected with Block Call Return.

Call Screening: Provides blocking of six numbers created on a screening list by the customer. Applied on a per line basis.

Call Waiting ID with Forwarding: Allows Call Forwarding No Answer subscribers to forward calls to another number. Applied on a per line basis. Must be selected with either Caller ID Number Only or Caller ID Name and Number, and must be selected with Call Forwarding- No Answer. Cannot be selected with Call Waiting.

Call Trace (*57): ^{1/} This feature provides a detailed record of the last incoming call, including call-waiting calls. It automatically records the phone number, time, and date of the call. MCI security processes this information and provides it to the appropriate law enforcement agency should customer decide to file a complaint.

Call Waiting When on a call, Call Waiting alerts the customer with a special tone that another call is waiting. It allows the waiting call to be answered without disconnecting from the existing call. Allows switching between the calls whenever desired. Allows either call to be ended at any time. The customer has the ability to disable and reactivate the feature at will.

Caller ID-Number Only ** This feature enables the customer to view on a display unit the Directory Number of incoming telephone calls. When Caller ID - Number Only is activated on a customer's line, the Directory Numbers of incoming calls are displayed on the called CPE during the first long silent interval of the ringing cycle with the exception of numbers where the caller is marked "private". The number information is only transmitted when the customer's receiver is on-hook. Calling party number information via Caller ID - Basic is not available on operator handled calls. Utilization of the full capabilities of Caller ID- Number Only requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer. (T)

Caller ID - Name and Number** This feature enables the customer to view on a display unit the Directory Name and Directory Number on incoming telephone calls. A maximum of 15 characters is allowed for transmission of the calling party name. When Caller ID - Name and Number is activated on a customer's line, the Directory Name and Directory Number on incoming calls will be displayed on the called CPE during the first long silent interval of the ringing cycle. The date and time of the call is also transmitted to the Caller ID - Name and Number customer. Utilization of the full capabilities of Caller ID- Name and Number requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer. (T)

Call Waiting ID - Name and Number** When the customer is on the phone and receives another call, Call Waiting Id displays the name and number of the incoming caller. (T)

** Where facilities are available, for customers of Residential RLI Service and Residential RLD-4 Service as described in this tariff who subscribe to a Caller ID feature, a single monthly recurring charge of \$2.00 will apply in lieu of the charges described above. (N)

Repeat Dialing (*66) - Repeat Dialing, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard. The customer hangs up and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed. In some locations, due to technological limitations Repeat Dialing must be purchased with Call Return.

9. Small Business Services9.6 Directory Listings Options and Types

Main Business Listing This listing consists of the business name, a designation descriptive of the customer's business if not self-explanatory, the address, and the business telephone number.

Business Additional Listing Additional name(s) listed for same telephone number as the main listing. Additional listing is in the White Pages only. Only one additional business listing is allowed per customer.

Additional Main Listing Additional telephone number listing for the same business.

Non-Listed The customer's telephone number is not listed in the telephone directory, but is available through Directory Assistance.

Non-Published Listing The customer's telephone number is not listed in the telephone directory and is not available to requesters through directory assistance.

Primary Straight Line Under Listing: * A Straight Line Under (SLU), or a caption setup, is used to group an end user's listings to avoid repeating the end user's name. Listing names must be identical. An SLU starts with the straight line listing which includes name, address and telephone number and associated listings are indented underneath the main listing. This is commonly referred to as a Straight Line with Indent or an indent setup. This listing is in the white-pages section of the directory only.

(T)

Primary Caption Listing:* A Primary Caption has a header in which no address or telephone number is shown and all associated listings are indented under the header. This listing is in the white-pages section of the directory only.

(T)

Multi-Ring Listing Supports situations where there are multiple (2 or 3) phone numbers assigned to a single party line with distinctive ringing patterns. Available only to customers electing Listed or Non-Listed options. Customers must subscribe to Multi-Ring 2 or Multi-Ring 3 as set forth in the Features and Options section of this tariff.

(N)

9. Small Business Services9.9 Features and Options

The following features are available on customer's primary or additional lines for customers subscribing to Small Business Service on or after September 12, 2003. For customers subscribing to Small Business Service prior to September 12, 2003, the following features only are available: Call Forwarding, Call Waiting, Caller ID-Name and Number, Call Waiting ID-Name and Number, Speed Calling 8, and Three Way Calling; these features may be included on customer's primary line only.

Anonymous Call Rejection (ACR) Rejects incoming calls that have been marked private or anonymous.

Call Forwarding Automatically routes incoming calls to a designated answering point, regardless of whether the user's station is idle or busy.

Call Forwarding-Busy Allows the end-user to forward calls outside the end-user's switch type when the called telephone number is busy. Incoming calls are forwarded to a predetermined Call Forwarding Number. The Call Forwarding Number can be across state lines or outside of LATA boundaries, but local or long distance toll charges will apply from the call forwarding number to the forwarded-to number. Cannot be selected with Call Forwarding - Busy & No Answer or Call Forwarding No Answer.

Call Forwarding Busy with Customer Control Includes the Call Forwarding Busy feature and in addition provides the capability to Activate or Deactivate Call Forwarding Busy from the base station using dial codes. Applied on a per line basis. Cannot be selected with Call Forwarding Busy.

Call Forwarding-No Answer Automatically forwards unanswered incoming calls to an alternate telephone number after a pre-selected number of rings. Incoming calls are forwarded to a predetermined Call Forwarding Number. The Call Forwarding Number can be across state lines or outside of LATA boundaries, but local or long distance toll charges will apply from the call forwarding number to the forwarded-to number. Cannot be selected with Call Forwarding - Busy & No Answer or Call Forwarding Busy.

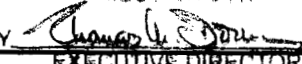

Call Forwarding No Answer with Customer Control Includes the Call Forwarding No Answer feature and provides the capability to activate or deactivate Call Forwarding No Answer from the base station using dial codes. Applied on a per line basis. Cannot be selected with Call Forwarding No Answer. The customer must specify the number to which calls are forwarded and the approximate number of ringing cycles at the time the feature is ordered.

Call Forwarding No Answer with Ring Control Includes the Call Forwarding No Answer feature and allows subscribers real-time control over the number of seconds or ring cycles that occur prior to forwarding an unanswered call to voice mail or another telephone number.

9. Small Business Services9.9 Features and Options

Call Forwarding-Busy & No Answer Incoming calls may be forwarded to a long distance number pre-selected by the customer, but local or long distance toll charges will apply from the call forwarding number to the forwarded-to number. Calls must be forwarded to the same Call Forwarding Number on both a busy line condition and when the telephone is not answered after a predetermined Ringing Cycle. To forward calls to different Call Forwarding Numbers, separate features must be ordered. Cannot be selected with Call Forwarding-Busy or Call Forwarding-No Answer. Applied per line.

Call Return (*69) Enables the customer to dial back the number of the last incoming call whether the call was answered or not. Applied on a per line basis. Cannot be selected with Block Call Return.

Call Screening This feature provides the customer the ability to prevent incoming calls from up to six different telephone numbers.

Call Trace^{1/} Provides a detailed record of last incoming call, including call-waiting calls. It automatically records the phone number, time, and date of the call. MCI security processes this information and provides it to the appropriate law enforcement agency should you decided to file a complaint. Cannot be selected with Block Call Trace.

Call Transfer Call Transfer allows an end-user to transfer an incoming call to any dialable telephone number, including a long distance telephone number, and to hang up without disconnecting the call. Call Transfer also allows an end-user to add a third party to an existing incoming call. Call Waiting and Call Transfer are compatible on the same line; however, only one feature will work at a time. If an end-user has Speed Dial 8 and subscribes to Call Transfer, the list size maximum changes from 8 to 6 numbers. The numbers used will be 2-7. The Call Transfer Number can be across state lines or outside of LATA boundaries, but local or long distance toll charges will apply.

Call Forwarding Variable: Automatically routes incoming calls to a designated answering point, regardless of whether the user's station is idle or busy.

Call Waiting: When on a call, Call Waiting alerts the customer with a special tone that another call is waiting. It allows the waiting call to be answered without disconnecting from the existing call. Allows switching between the calls whenever desired. Allows either call to be ended at any time. The customer has the ability to disable and reactivate the feature at will.

Caller ID - Name and Number: This feature enables the customer to view on a display unit the Directory Name and Directory Number on incoming telephone calls. A maximum of 15 characters is allowed for transmission of the calling party name. When Caller ID - Name and Number is activated on a customer's line, the Directory Name and Directory Number on incoming calls will be displayed on the called Customer Provided Equipment (CPE) during the first long silent interval of the ringing cycle. The date and time of the call is also transmitted to the Caller ID - Name and Number customer. Caller ID - Name and Number also includes Anonymous Call Rejection (ACR). Utilization of the full capabilities of Caller ID- Name and Number requires the use of an Analog Display Services Interface (ADSI) - compatible telephone at the customer's premises. The installation, repair and the technical capability of the ADSI-compatible CPE to function in conjunction with the features specified herein is the responsibility of the customer. Customers selecting this feature will also receive the Anonymous Call Rejection feature at no additional charge.

Call Waiting ID - Name and Number: When the customer is on the phone and receives another call, Call Waiting ID displays the name and number of the incoming caller.

Priority Call Ringing Provides a distinctive ringing pattern (short, long and short), for a Priority Call List containing up to 15 telephone numbers, all of which must be within a Signaling System 7 (SS7) network to be recognized. Incoming calls from telephone numbers on the Priority Call List that encounter a Busy or Don't Answer condition will be treated like any other incoming call; however, the distinctive ringing pattern is not forwarded to the remote location. Applied per line.

Priority Call Forwarding Allows the customer to transfer up to six (6) telephone numbers on a screening list to another number. Only the calls on the screening list are forwarded. Applies on a per line basis.

Remote Access to Call Forwarding Includes Call Forwarding and enables the user to activate and deactivate the feature either from the provisioned line or remotely from a location equipped with Touchtone signaling. Cannot be selected with Call Forwarding.

Repeat Dialing (*66) Allows auto call back of last outgoing number and keeps trying a busy line until the call can be completed. Applied per line. Cannot be selected with Block Repeat Dialing.

Speed Dial 30 Provides for the calling of pre-selected telephone numbers by dialing a 1- or 2-digit abbreviated code for up to 30 phone numbers. When the designated code is entered, the telephone number assigned to the code will be dialed. Cannot be selected with Speed Dial 8.

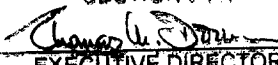

Three Way Calling - Allows another party to be added to a call already in progress. The added party may be local or long distance. Toll or local measured service charges will apply to each leg of a Three Way Call.

The following features are available on customer's primary or additional lines at no additional charge:

Hunting-Sequential: Incoming calls are routed to a sequence of telephone numbers ("Hunt Group") on the account; the sequence is selected by the customer. Once the incoming call arrives at the last line in the Hunt Group, the line will either ring, provide a busy signal, or be sent to voice mail.

Hunting -Circular: Incoming calls are routed to a sequence of telephone numbers ("Hunt Group") on the account; the sequence is selected by the customer. Once the incoming call arrives at the last line in the Hunt Group, if the line is busy, the call will circle back to the first line in the Hunt Group, which will either ring, provide a busy signal, or send the call to voice mail.

Repeat Dialing (*66) Repeat Dialing, when activated, automatically redials the last number the customer attempted to call. If the called line is not busy, the call will be placed. If the called line is busy, a confirmation announcement is heard. The customer hangs up and a queuing process begins. For the next 30 minutes, both the calling and called lines are checked periodically for availability to complete the call. If during this queuing process the called line becomes idle, the customer is notified, via a distinctive ring, that the network is ready to place the call. When the customer picks up the telephone the call will automatically be placed. In some locations, due to technological limitations Repeat Dialing must be purchased with Call Return.

Call Return (*69) This feature enables the customer to dial back the number of the last incoming call whether the call was answered or not. If the line is busy call return will kept trying to complete the call for 30 minutes.
